

THE WARNER AIRCRAFT CORPORATION
DETROIT MICHIGAN

SERVICE LETTER M-15

October 27, 1957

Gentlemen:

On Super Scarab Engines SS-400E to SS-499E inclusive, Piston Assembly No. 7745 is used.

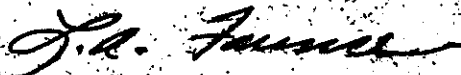

We are enclosing our Drawing No. 7745 covering the piston ring installation on Piston Assembly No. 7745. When replacing piston rings in the above mentioned engines or selling piston rings for installation in these engines, instructions should be given as to the proper installation of these rings.

Kindly use this drawing as a guide in advising your customers and service me. Unless this piston ring set-up is followed very closely, it is possible that over-oiling may result.

Thanking you for your cooperation in this matter, we remain

Yours very truly,

THE WARNER AIRCRAFT CORPORATION

L. A. FAUNCE, Vice-President
Sales Manager
